

Covenant Ballet Theatre (CBT) is a 501(c)3 nonprofit organization that has been serving Brooklyn since 1987. CBT invests in the children and families of South Brooklyn, where cultural activities and resources are limited. Artistic Director Marla Hirokawa founded CBT on the conviction that a serious ballet education combined with maximum inclusion is needed to advance the art form, train youth, and improve the lives of those within its embrace. In an accepting yet rigorous environment, CBT fosters the love of dance through pre-professional training in its studios and educational programs in New York City schools, and through dozens of original ballet productions conceived and choreographed by Ms. Hirokawa.
